A beer as unique as our handshake.

Mākutū Premium Lager, A Brewing Tradition Like No Other.
 The hongi is the Māori welcome expressed by the touching of noses. Share in the great tradition of one of the greatest beers in New Zealand. Its premium lager flavor will captivate your spirit much like the people from this wonderful country.

Our great brewing tradition is written all over our face.

Tattooing is a sacred and traditional art among the Māori people of New Zealand. Just as sacred as the brewing process of our premium lager.

Mākutū Premium Lager,
 A Brewing Tradition Like No Other.
